## Underwear FOR WOMEN and CHILDREN

Made of the best Muslin and Cambric, forms the subject to which the above remarks are applied.

ASK any posted woman, and she will inform you that **Style** plays a most important part in the construction of up-to-date Underwear. She will also tell you that it should be **Lock-stitched**, true to the **Sizes** indicated, and made from a weight and grade of material which will yield the most satisfactory **Wear**, and at the same time not turn yellow in washing!

This, in brief, is the class of Underwear of which we place on sale to-day a quantity so vast and varied [It took twenty people the best part of two days to get this stock in readiness.] that it will not fail to create a most stupendous demand. We will further add that the clinching factor to the success of this sale will be a scale of prices, so uniformly low (no "bait" among them) that they will compel the distribution of from two to three thousand dollars' worth of this Underwear!

We could not afford to sell less at the low prices quoted.

### LOCAL BRIEVES.

Matters of Minor Moment in and About the City.

THE GRAND this evening—Peter Maher's Co.

AND HICKS, a plain drunk, was locked up last evening by Officer Stump.

A MEETING of the council committee on accounts has been called for this evening.

"A BARREL of Money" closed a very successful engagement at the Grand last evening. It is a very pleasing show.

THERE was not a case in the police court yesterday morning. The weather is too cold for people to break the laws.

The board of directors of the penitentiary held their regular monthly meeting yesterday. No special business was reported.

No trains could run in on the river division of the Wheeling & Lake Erie railroad yesterday on account of the high water at Warrenton.

E. B. Potts has been elected a member of the board of directors of the National Bank of West Virginia to succeed Lawrence Sands, elected cashier of the Exchange Bank. No other change was made.

At the annual meeting of the Peabody Insurance Company the following board of directors was elected: Alonzo Loring, A. J. Clarke, A. D. Seamon, J. A. Miller, John M. Brown.

The Ironside striking tin plate men are looking for a site along the river for a tin plate plant to be run on the cooperative plan, and want a company of men to consummate their project.

A MAN made a careful measurement of the amount of mud and other solid matter in the Ohio river water yesterday, and found that 10 1/2 per cent of the volume drawn from a hydrant was dirt of all sorts.

A MEETING of all the Republican voters in the Eighth ward is called for this evening in Handan's hall. There are several important matters to be brought before the meeting, and it is to be hoped there will be a large attendance on this occasion.

This evening the topic assigned by the Evangelical Alliance for the observance of the churches which are celebrating the week of prayer is "Foreign Missions and Home Missions." To-morrow night will be devoted to "Families and Schools."

CONSTABLE BENNETT, of Justice Gillespy's office, who recently attached the stock of John L. Mills & Co., pawnbrokers, on the Second ward market square, on a suit of George Dusch, a creditor, began to sell the stuff yesterday. The sale will consume several days.

At its last meeting Baltimore lodge No. 6, K. of P., elected the following officers: Chancellor commander, William K. Burk; vice chancellor, William Lowry; prelate, Louis Hartong; master of work, William Logston; master at arms, William Wagner; keeper of record and seals, John G. Habersfield; master of finance, James H. Babb; master of execution, Jerry Ellenberg; inner guard, Frank Ross; outer guard, Peter Putnam; trustee, S. R. Graves.

Probate Business Yesterday.

Rose Welty, C. W. Welty and Frederick O. Wingerter qualified as executors of the will of Peter Welty, deceased; bond \$250,000; no security required.

Francis Patrick Kennedy qualified as a notary public; bond \$250; P. Kennedy surety.

Have Changed Their Headquarters.

A new wrinkle has turned up in the "green goods" business. The country has been flooded with letters offering counterfeit money on a ten per cent basis; the only difference from the old stereotyped form being that the letters are mailed at St. Louis and the telegram in answer is to be directed to Wanksha, Wis. Apparently the gang has found it too hot in New York and vicinity, and had to shift its basis of operations to Irish fields and pastures new.

First Presbyterian Church.

The services connected with the thirty-seventh anniversary of the Week of Prayer for the conversion of the world, are growing in interest daily, and the attendance is continually increasing in numbers. The subject last evening was, "Foreign Missions and the Conversion of Souls." To-night the topic will be, "Home Missions and the Conversion of Souls." Strangers in the city and others are cordially welcomed. The subject on Friday evening will be, "Prayer for the conversion of souls in families, Sabbath schools and institutions of learning."

PRIVATE TO MEN ONLY

To-night at Odd Fellows' Hall.

By special request Veno will give his lecture to men only to-night, boys not admitted.

On Friday night he will give his second special lecture to ladies only, to accommodate the hundreds turned away last night. Admission ten (10) cents to each lecture.

## ACCUSED OF MURDER.

A Man Wanted in Greene County, Pa., Caught Here.

## HIS FEET HAD BEEN BADLY FROZEN

And he was Compelled to go to a Hospital, Whence he was Transferred to Jail Yesterday by the Authorities—A Peculiar Case—He Refuses to go Back without a Requisition.

Yesterday Lieutenant Lukins arrested Thomas Hare. He is accused of having had a hand in the murder of Dave Roberts, in the south-west part of Greene county, Pa. Chief McNichol located the man on Sunday, and felt confident that he was guilty of some crime, but could not locate the murder until yesterday, when a letter was received from Waynesburg, from the sheriff of Greene county, saying that Hare was wanted there. The story is that he and another man killed Roberts in his own house on Christmas night, and threw the body out the window. They then fled, but there was a light snow on the ground, and they were tracked and the other man was caught. Hare made good his escape, but on his way to this city his feet were badly frozen, and when he got here on New Year's day he had to go to the North Wheeling hospital, where he was found yesterday.

Lieutenant Lukins arraigned the man before Squire Gillespy, who sent him to jail to await a requisition from Greene county, to which place word of his capture was telephoned. He refused positively to go without a requisition.

## THE GOLD BRICK SWINDLE.

The Other Parties Believed to be in Custody Now.

Word was received here yesterday that several additional arrests had been made in Virginia growing out of the gold brick swindle worked on Mr. Withers, at Petersburg. The arrest of Parker, believed to be "Smith," who helped to work the same game on Robert Bonar, of this county, has already been noted in the INTELLIGENCER. Mr. Bonar swore out a warrant in Squire Gillespy's office yesterday for this man, and left for Richmond to identify the parties if they are the right ones.

The Richmond Dispatch of Tuesday says:

The latest developments in the gold brick swindle are the arrest in Norfolk of Simon Capps, the sporting man who was out with Mr. A. W. Withers, of Gloucester, until very late the night before he was floored out of \$5,000; the issuance of a warrant for Joseph McLean, another character well known in Norfolk and Richmond, who was likewise with Withers on Tuesday night; the finding of two more of the valueless gold bricks like those palmed off on the unsuspecting, but much-traveled Gloucester farmer, and of the boxes in which the bars were brought to Richmond; the exposure of the facts in connection with the shipment of the cheap compound from New York to this city, and the appearance of Thomas H. Parker, the alleged bunco assistant, in the police court, where his case was continued for ten days.

Capps is the man from whom Mr. Withers borrowed a considerable sum of money last Thursday night, and it was to pay back this loan that application for another was made to Mr. Joseph Bryan, who caused the examination to be made which showed that the bars of supposed gold were simply blocks of a spurious and worthless compound. Ever since the swindle became known and the authorities learned of Withers' associations with the sporting men from the city by the sea they have been trying to keep their eyes on Capps and McLean, but the latter had not been apprehended at midnight.

Mr. Withers has insisted throughout that he was shown four bricks when Williams took him out to see the Indian who was so anxious to return to his western home, that he was willing to part with \$25,000 worth of 24-karat gold for \$18,000 less. And there were four bricks—Sergeants Tomlinson, Schell, and Johnson found the other two Sunday morning. They were wrapped in a piece of oilcloth and buried under some leaves in the woods not far from the point at which Williams led Mr. Withers to believe that he was conducting negotiations with the Indian. Near by were buried the boxes in which the bricks were brought to Richmond. The officers also found a blanket, a tomahawk and a pipe—articles that were indispensable to the redman's make-up, but for which he had no use after the second visit of Mr. Withers.

Charged with Perjury.

Yesterday Henry Floto, a cigarmaker who lives in Bellairs and works for M. Marsh & Son, of this city, was arrested by Lieutenant Lukins, on a warrant from Oakland, Md., from which place Officer Weigman came with requisition papers for Floto on a charge of perjury. The story is that Floto made oath at Oakland that a young man named Groves and a niece of Floto's were of legal age, and thus secured for them a marriage license, on the strength of which they induced a minister to marry them. The case seems involved in considerable mystery. Floto is the main prosecutor in the case of the Columbia building insurance case. How the two cases are related is a matter of general speculation.
